problem and the company's situation.

The information presented in writing is clear, understandable, and direct.

W
It took us longer than planned to read and analyze the information.

H
We prepared tables and matrices to understand the information and how it relates.

K
I would like to improve my reading and analysis of information.

- Establish relevant legislation, policies and procedures

☐ ☐ ☒

S
It was a quick process once we understood the problem and the company's situation.

The information presented in writing is clear, understandable, and direct.

W
It took us longer than planned to read and analyze the information.

Creating the graphic elements for the documents also required a significant investment of resources.

H
We prepared tables and matrices to understand the information and how it relates.

Podemos usar el material y experiencia adquirida en este proyecto para futuros proyectos.

K
I would like to improve my reading and analysis of information.

- Calculate resources required to develop solutions

☐ ☐ ☒

It was a job completed quickly once we understood the problem and the company's situation.

We were able to correctly discern how we could refine the project based on feedback and discard what wasn't relevant at that time.

The information presented in writing is clear, understandable, and direct.

W

It took us longer than planned to read and analyze the information.

We invested a lot of time in preparing and presenting the project's progress.

Creating the graphic elements for the documents also required a significant investment of resources.

H

We prepared tables and matrices to understand the information and how it relates.

We can use the material and experience gained in this project for future projects.

We are planning to integrate into the team specializing in information management and the creation of corporate graphic content.

X

Actually, I would have liked to develop or do some kind of scripting for data mining.

K

I would like to improve my reading and analysis of information.

• Develop and use a feedback register

• Refine my brief

☐ ☐ ☒

refine the project based on feedback and discard what wasn't relevant at that time.

W
It took us longer than planned to read and analyze the information.

We invested a lot of time in preparing and presenting the project's progress.

H
We prepared tables and matrices to understand the information and how it relates.

S
We were able to correctly discern how we could refine the project based on feedback and discard what wasn't relevant at that time.

W
It took us longer than planned to read and analyze the information.

We invested a lot of time in preparing and presenting the project's progress.

H
We prepared tables and matrices to understand the information and how it relates.

We can use the material and experience gained in this project for future projects.

• Seek necessary approvals

☐ ☒ ☐

S
The email is direct and contains only the necessary information.

W
It took us longer than expected to draft the email in order to get approval.

H
For the next project, we can seek advice from our supervisor.

X
I would like to improve my writing skills.

S
I do my best to make
